Student Volunteering Stories

Andy Glasgow at the Pearson Centre for Young People

Andy has been volunteering at The Pearson Centre for Young People in Beeston in their afterschool dodgeball club. The club is held on a weekly basis for an hour, open to children aged 5 to 11 years old. Andy often plans and leads the group and sometimes is asked to do this at the last minute. He has built up good relationships with the children who attend and is always encouraging them to do well. He has a fantastic manner with them and they all look up to him.
