Your Students’ Union (SU) have an exciting year ahead, which includes a digital transformation. To help us with this, we’re looking for a panel of students to lead our Digital Development Programme. This is a summary of the programme, what’s expected of you, and what next steps we’ll need to go through to create our final group.

What is the Digital Development Programme?

Back in 2018/19, we started looking at ways we could totally change our digital presence and the way we deliver our services. This project is the outcome. It’ll last the whole academic year, and result in a brand-new website, more efficient ways to manage services, and a whole new online platform for our offline processes.

About the Student Experience Panel

This is a big project, and we need your help to manage it. So we’re looking for a group of you to work with us and be the voice of your fellow students. You’ll take part in workshops and meetings, helping us decide how the website looks and feels, how students will experience our services as they go online, and which features we add when. You’ll also get to test the whole thing as it goes live!

What we’re looking for

If you’re passionate and a student, we want you! In fact, we’re looking for 20 of you with a range of knowledge and experience. You don’t need any experience of the SU’s current systems, you just need to be willing to take part and spend some time making the new website, platform and system the best they can be for everyone.

What you’ll do

As a panellist, you’ll take part in regular monthly meetings and workshops (running on Friday afternoons until June 2020). The workshops will cover a variety of topics and be led by various staff, so you’ll get a full flavour of what we’re doing.

As we get into testing the system, you might be asked to do a little bit of work at home, but we’ll let you know what this will be and when it’ll happen. Don’t worry though – it’ll be minimal.

What you’ll get in return

As a thank you for your time, you’ll get £15 for every workshop or meeting you take part in.

Still interested? Here’s what you need to do...

We’re recruiting panellists right now, and our first meeting is scheduled for November. To apply, please fill in this form and if you’re successful, we’ll be in touch to fill you in on the next steps.

Need more information?

Email su-insight@nottingham.ac.uk and we’ll get back to you within 24 hours.
